

Big Dog

Devo

Big dog, big bully in the park.
Sharp claws, comin' down with a bark.
Hold 'em still, show 'em who's boss, make 'em shake 'n quake.
Pin 'em down, make 'em pay, when they try to escape!
Big dog, playin' out your part.
Evil clown, a doggy with no heart.
When you growled and turned on me, you made a big mistake!
Maybe you don't know it yet, but you're about to pay!
You are so, way out of line, let's go, bring it on.
I'll rope a dope, i'll fake you out, before I turn it around.
Cause you got me, right where I want you.
Get set for!
A counterattack.
Attack!
You got me right where I want you, now it's time, now I am gonna pay you back.
Pay you back!
Payback!
Big dog, big bully in the park.
Sharp claws, comin' down with a bark.
Hold 'em still, show 'em who's boss, make 'em shake 'n quake.
Pin 'em down!
Make 'em pay, when they try to escape! '
Cause, you got me!
Right where I want you.
Get set for!
A counterattack.
Attack!
You got me!
Right where I want you, now I am!
Gonna pay you back, pay you back!
Payback!
