Doin' Fine

Robert Pattinson

We are what everyone wants 2 be
We are young
And carefree
Life's a breeze for people like you and me

If you look
Life lays out just like a road
It's for us 2 grab a hold
There's no one that can tell us no

[Chorus]
So come on, baby
Let's just have fun
Let's breathe stardust into our lungs
Let's drive too fast
Let's go too far
When our hearts bleed it lets us know we are-alive
And that we are-doin' fine

We lay down
Look at the sky
From upside down
There's nobody we have 2 be
Let's live fast and see where it leads

[Chorus]

Let's get lost
In love like wine
Let kisses quench
This thirst of mine
Let me feel the weight of your skin
Pressing in

[Chorus]
