

Big Red Rocket Of Love(Ost.NFS The Run)

Reverend Horton Heat

I got a red car with blue tail lights
Shiny red seats with piping in white
Leopard skin dash with a louvered hood
She goes ba-ba-ba-ba-ba-ba when she's runnin' good Lets go
Ride into the mountains above
It's low
My big red rocket of love
My big red rocket of love I got a little honey you just got to know
Drivin' this bomb as fast it will go
Drive the red rocket past the local dive
She goes ba-ba-ba-ba-ba-ba in overdrive Lets go
Ride into the mountains above
It's low
My big red rocket of love
My big red rocket of love Love you little baby in my back seat
Pull my velveteen curtain with pleats
Pick a little spot were no one will be
Ma-ma-ma-ma-ma-ma-make love to me Lets go
Ride into the mountains above
It's low
My big red rocket of love
My big red rocket of love
My big red rocket of love
My big red rocket of love
