

Where the Meanings Are

Lily Bee

You, me
Dark in between
So close and still oh, so far
Grass, high
Moon in the sky
Canâ€™t tell the fireflies from the stars
I search
Somehow it hurts
Half heart aching to be whole
Whatâ€™s worse
Dreamerâ€™s curse
Harvest the pieces of my soul

(Chorus)
Close your eyes
Look inside
I see who you are
Pale blue eyes
Donâ€™t you hide
Meet me where the meanings are

Back porch
I hold a torch
Smoke signals spell out your name
Warm core
Felt this before
Still, I will never be the same

(Chorus)
Close your eyes
Donâ€™t you hide
I wonâ€™t be too far
Pale blue eyes
Donâ€™t you hide
Meet me where the meanings are
