Let Me Be

Parliament

Let me be, let me be Let me have my privacy Let me be, hush, don't speak Now, silently I don't want to hear your voice I don't want to see your face I don't want to have no choice In my mind, I want no hazeIn a chair, in a chair In a chair by the window Let the sky be my sky Let the moon be my haloLet me love you upon a canopy Let me love you upon a flower Let me love you upon a canopy Let me love you by the hourLet me be, let me be Let me have my privacy Let me be, hush, don't speak Now silently I don't want to hear your voice I don't want to see your face I don't want to have no choice In my mind, I want no hazeIn a chair, Lord, in a chair In a chair by the window Let the sky be my sky Let the moon be my haloLet me love you upon a canopy Let me love you on a flower Let me love you upon a canopy Let me love you by the hourLet me be, said I do not care where I am Please don't let the people find me

I don't want to be there

All I need, all I need is some air, yeahHey, see me by that old

Dirty funky window

Watching on people

Peeping on meLord, got to get away

Said, I've got to get some place

Where I can be free right now

I need, I need, I got to be free
