Interlude: All I See Is You

Tweet

I don't mean to be cocky with it
But I'm confident
Certain that you wouldn't be here
If I didn't you wantcha you to be
You'll be the first to know (know)
Oh, yeah (you'll know)
'Cause I get tired of hearing
"Do I love you?"Being inscure and all that's not attractive
'Cause I love ya
That's all you need to know
I'll never leave
