

Soulless Man

Justin Nozuka

Well, I'm alone and you're well gone and I can't fight it
You said goodbye and I asked why and started crying
I can't sleep and I can't write and I can't fight it
You always said if a wave came by then we would ride it, yeah
Well, I'm sinking, baby and I'm drowning alone
Slowly slipping away from all of my life goals
Oh, Jenny, oh, Jenny have you seen my song?
I think it fell inside your suitcase when you left me alone
Oh, Jenny, oh, Jenny have you seen my song?
Without it I ain't, ain't got no soul, ain't got no soul
I'm the soulless man, I'm the soulless man
I'm the soulless man, I'm the soulless man
Baby, I just wanna ask you how you did it
You broke my heart, you stole my watch and all my money
Did you mean what you said when we were cuddling?
Do you still look up at the moon
Like you said you would at 3:02 in the morning?
Oh, Jenny, oh, Jenny have you seen my song?
I think it fell inside your suitcase when you left me alone
Oh, Jenny, oh, Jenny have you seen my song?
Without it I ain't, ain't got no soul, ain't got no soul
I'm the soulless man, I'm the soulless man
Oh, one more time
I'm the soulless man, I'm the soulless man
Take my love and
Pick up your phone, pick up your phone
Oh, yeah, yeah, yeah
Pick up your phone, pick up your phone
I just wanna hear your voice one more time
Oh, Jenny, oh, Jenny have you seen my song?
I think it fell inside your suitcase when you left me
Oh, Jenny, oh, Jenny have you seen my song?
Without it I ain't, ain't got no soul, ain't got no soul
I'm the soulless man, I'm the soulless man
I'm the soulless man, soulless man
