

# Mess

## Marques Houston

Ooh, ooh

Ooh, ooh

Ooh, ooh

Light bulbs start to flicker  
Anatomy's getting bigger  
As we make our way up to the  
I stop you in the hallway  
Kissing all over your body  
We damn near fall through the door  
Now we both holding on so  
When I get you in that bedroom  
Knocking stuff over  
Have me ripping off your clothes, girl  
When I bend you over  
Before our night is done, girl  
I'm gone make you come, girl  
You gone make me come  
You gone be saying yes, yes, yes  
We just made a mess  
(Eh, eh, eh, eh, ess)  
We just made a mess, yeah  
(Eh, eh, eh, eh, ess)  
We just made a mess, yeah  
(Eh, eh, eh, eh, ess)  
We just made a mess, yeah  
(Eh, eh, eh, eh, ess)  
Now we both breathing heavy  
The time has come are you ready  
Buttons dropping off your blouse  
While you was up in my pants  
You pull it out, you push me against the wall  
And put it in your mouth, I'm about to blow  
You better stop now, open up the door  
Pushing you down on the bed like I said  
When I get you in that bedroom  
Knocking stuff over  
Have me ripping off your clothes, girl  
When I bend you over

Before our night is done, girl  
I'm gone make you come, girl  
You gone make me come  
You gone be saying yes, yes, yes  
We just made a mess  
(Eh, eh, eh, eh, ess)  
We just made a mess, yeah  
(Eh, eh, eh, eh, ess)  
We just made a mess, yeah  
(Eh, eh, eh, eh, ess)  
We just made a mess, yeah  
(Eh, eh, eh, eh, ess)  
I only one question right now  
(Right now)  
Which one of us is going to get the towel?  
(Girl, we both are down)  
Ooh, ooh, ooh  
Ooh, ooh, ooh  
Ooh, ooh, ooh  
When I get you in that bedroom  
Knocking stuff over  
Have me ripping off your clothes, girl  
When I bend you over  
Before our night is done, girl  
I'm gone make you come, girl  
You gone make me come  
You gone be saying yes, yes, yes  
We just made a mess  
(Eh, eh, eh, eh, ess)  
We just made a mess, yeah  
(Eh, eh, eh, eh, ess)  
We just made a mess, yeah  
(Eh, eh, eh, eh, ess)  
We just made a mess, yeah  
(Eh, eh, eh, eh, ess)  
This is mattress music
