

# People

**P.J. Olsson**

I can't handle falling down  
Oh no, don't go  
You say that sad songs get you down  
But you know, they make you grow And if you give that song a chance  
You might just give us a chance and If there is someone who will stand up  
And tell me that love has a reason  
You can be the strong one  
You can be the word man  
People want to hear what they're feeling  
On the inside Please don't be that soft with me  
I'm hardcore love  
You knock me down with your misery  
And I make love to your angry soul  
As the coach comes around the bench  
I am small but I'm feeling tall  
Took two years to get a hit  
But now I'm smokin' every day And if you give that song a chance  
You might just give us a chance and If there's someone who will stand up  
And tell me that love has a reason  
You can be the strong one  
You can be the word man  
People want to people want to hear People want to hear what they're feeling  
On the inside People want to hear what they're feeling  
On the inside People want to hear what they're feeling  
On the inside People want to hear what they're feeling  
On the inside
