

Forever

Bobby Brown

Verse 1

My love

Your the only one that i live for

Finally found someone that i die for

Endlessly forever girl

I adore the tender love you given to meBridge

Hope i never wake up from this love dream

Because I'm in another world that so free

But look what you've done to me

Cause I keep given my all to ya ladyChorus

I finally found

The woman I need

The ultimate world

Of you and me

And baby i feel

Your love

Let's make this forever

And everVerse 2

Incredible

Show me a new way to give love

Unconditional from my heart

And I'll do anything to make you smile

Smile, smile, smile for meBridgeChorus 2xBaby

Break it down, break it down

Just, just

Just a little bitBridge 2

I finally found

I finally found someone

(2x)

I finally found, finally found, finally foundChorus

I finally found

The one i need (Let's make this forever)

(2x)

I finally found

The one I need (Let's make this forever and ever)I finally found

The one I need (Let's make this forever)

(2x)

And baby i feel

Your love

Let's make this forever
And ever
