Once In A Blue Moon

Lighthouse Family

Wishing we could choose our own landscape
Wishing me and you could just go anywhere we wanted
Once in a blue moon we'd stay out late
And watch the sun come up at five-thirty in the morningOh yeah, once in a blue moonDay will surely come, one day I'll be with you
The day will surely come, we will make it all come true
The day will surely comeI ain't seen you, in a month of Sundays
I never knew exactly what it was I wanted
Once in a blue moon, you'd keep a promise
When it's you I don't mind such a long waitOh no, not when it's youDay will surely come, one day I'll be with you
The day will surely come, we will make it all come true
The day will surely comeThe day will surely come
The day will surely come
The day will surely comeDay will surely come, one day I'll be with you
The day will surely come, we will make it all come true
Day will surely come, one day I'll be with you
The day will surely come, we will make it all come true
