

I Don't Care What The People Say

Mando Diao

I don't care what the people say
I wear my pain everyday
People say it's a waste of time
I say it suits me just fine You- what's on your mind
Last time I saw you, you hide
I don't feel very right
My mom says I'm December child I don't care what the people say
I wear my pain everyday
People say it's a waste of time
I say it suits me just fine You- what's on your mind
Last time I saw you, you hide
I don't feel very right
My mom says I'm December child
