

Lights of Downtown

The Long Ryders

Packed my bags, packed it in
Never coming back her again
Paid my dues and stayed in line
16 years of serving my time
Now what I did I do regret
All the days that I had wept
Up all night and you can bet
I've got a live with thatSee the lights of downtown
It's where I shot that ol' man down
Now he's calling me
Calls my insanity
Now when I walk and people say
How can he just away
Had a gun, no daughter, no son
One life is gone and one begun
Now what I did I do regret
All the days that I had wept
Up all night and you can bet
I've got a live with thatSee the lights of downtown
It's where I shot that ol' man down
Now he's calling me
Calls my insanityI can't run away, I can't hide
Its a slow death, for me inside
See the lights of downtown
It's where I shot that ol' man down
Now he's calling me
Calls my insanity
See the lights of downtown
It's where I shot that ol' man down
Now he's calling me
Calls my insanity
See the lights of downtown
It's where I shot that ol' man down
Now he's calling me
Calls my insanity
See the lights of downtown
It's where I shot that ol' man down
Now he's calling me
Calls my insanity
