

I'm So Ugly

40 Below Summer

'Cause I'm a sideshow freak, a long legged geek
Gonna be feeling the flames and feel the heat of my pain
Now I know everybody hates me
Tries to fake me and tries to degrade me
Ain't shit, never gonna be shit
And I don't give a shit, not one little bit, so Oh please, just shut the fuck up
Why the hell are you so stuck up?
Oh please, just leave me be
I know but I can't believe that I'm so ugly, nobody wants me
I'm so ugly that nobody ever wants to touch me
I'm so ugly, nobody wants me
I'm so ugly that nobody ever wants me I shouldn't kill, but I will if I must
I'm going off and I'm about to bust
Cause in the dark, can't find my way
And I wake up to it every single day
But I'll keep moving on Singing that same old song, yo, yo
I gotta be strong, I'll keep moving on
Singing that same old song, for how long
Don't ya know that my life's killing me?
Don't ya know from before that I still bleed?
Why can't you set me free? You'll always see that I'm so ugly, nobody wants me
I'm so ugly that nobody ever wants to touch me
I'm so ugly, nobody wants me
I'm so ugly that nobody ever wants me Shut the fuck up, sit your ass down
Its my time bitch, eat your heart out
Shut the fuck up, sit your ass down
Its my time bitch, eat your heart out Shut the fuck up, sit your ass down
Its my time now, eat your fucking heart out
Shut the fuck up, sit your ass down
Its my time now, eat your fucking heart out I'm just one ugly motherfucker
I'm just one ugly motherfucker
I'm just one ugly motherfucker
I'm just one ugly motherfucker I'm so ugly, I'm so ugly
I'm so ugly, I'm so ugly
