# Babydoll

## Medicine

Don't cry melt your eye
'Cause you're too high to wonder why
Your plastic eye, fixed smile
And always nice but all the whileAnd you keep coming like a babydoll
Always crying like a babydoll
Teeth are white just like a babydoll
You are wise like a babydoll
About as real as a babydollIt's alright in my mind
'Cause you're alive in my mind
You'll never find another bride
'Cause you're too high all the whileAnd you keep coming like a babydoll
Always crying like a babydoll
Teeth are white just like a babydoll
You are wise like a babydoll
About as real as a babydollI'll try, you'll try, you'll try, I'll try
I'll try, you'll try, you'll try, I'll tryAnd you keep coming like a babydoll
Always crying like a babydoll
Teeth are white just like a babydoll
You are wise like a babydoll
About as real as a babydollIt's alright in my mind
You were alive in my eyes
