

# Babydoll

## Medicine

Don't cry melt your eye  
'Cause you're too high to wonder why  
Your plastic eye, fixed smile  
And always nice but all the while And you keep coming like a babydoll  
Always crying like a babydoll  
Teeth are white just like a babydoll  
You are wise like a babydoll  
About as real as a babydoll It's alright in my mind  
'Cause you're alive in my mind  
You'll never find another bride  
'Cause you're too high all the while And you keep coming like a babydoll  
Always crying like a babydoll  
Teeth are white just like a babydoll  
You are wise like a babydoll  
About as real as a babydoll I'll try, you'll try, you'll try, I'll try  
I'll try, you'll try, you'll try, I'll try And you keep coming like a babydoll  
Always crying like a babydoll  
Teeth are white just like a babydoll  
You are wise like a babydoll  
About as real as a babydoll It's alright in my mind  
You were alive in my eyes
