

# To Save My Life

## Carolina Boys Quartet

In my heart I hold a deep sense of wonder  
When I think about the old rugged cross  
How Jesus willing suffered for my sake, it leaves me at a loss  
I have tried to wrap my mind around His mercy  
Why on earth would He be moved to come,  
and I was someone so unworthy  
And I just can't explain that kind of love.

To save my life, I can't get over what He did,  
He paid the highest price, to free me from my sin.  
I'll never understand that selfless sacrifice.  
To save my life, I can't get over what He did, to save my life.

Not a day goes by that I'm not blessed by Calvary.  
The cost was more than I can ever know.  
I marvel at the grace that came and found me.  
And the love that rescued my soul.  
To save my life, I can't get over what He did.  
He paid the highest price, to free me from my sin.  
I'll never understand that selfless sacrifice.

To save my life, I can't get over what He did

To save my life, I can't get over what He did,  
He paid the highest price, to free me from my sin.  
I'll never understand that selfless sacrifice.  
To save my life, I can't get over what He did, to save my life.  
to save my life.  
to save my life.  
to save my life.
