

Eleven Eleven

Ass Ponys

When I'm away
When I'm away
I swear under heaven
It's always eleven : eleven
And why it works I haven't a clue
Because I take so much of you
And piss it away
I piss it away
And I swear under heaven
It's always eleven : eleven
And it's time for a break
For all our sake
For all our sake
It's time for a break
And it's always eleven : eleven
