I Ain't Got You

Jimmy Reed

I got a Eldorado Cadillac
Wit's a spare tire on the back
I got the charge account at Goldblatt
But I ain't got youI got a tavern and a package store
Don't matter where I go
You keep the ring in my nose
But I ain't got youI got a tavern an'a package store
I hit the numbers, four-forty four
I got a mojo and don't you know?
I'm all dressed up, no place to goI got a-women to the right of me
I got a-women to the left of me
I got a-women's all around me
But I ain't got you
