# Actor In the Street

## Paul Westerberg

Who here in the crew
Was he talking to
He was laughing and smoking
Who here in the crew
Was he talking to
What words were spoken
I shot an actor at the street
It was my debut at directing
We nailed him in the hands and feet
Last seen he was in his trailer restingWho here in the crew
Was he talking to
What was he saying
Who here in the crew
Was spoken to
Was he smoking and laughing
I shot an actor in the streetI shot an actor in the street
Last seen he was in his trailer resting
I need a retake on that scene
Keep looking for him
I need his blessing
