

# All I Got

## Hendersin

Yeah we going in again this is that intrusion  
Spending like we got them ends this is that conclusion  
You should bring your friend again I find that shit amusing  
Take a shot, you see it now you don't that's the illusion  
Yeah I'm packing clubs best believe I'm on my caddy flow  
I guess that its apparent even yo mom and yo daddy know  
That I put on that dope show show em just what Manson about  
And they rooting for the kid that's because I'm branching out  
Gotta keep it moving, sorry baby I don't like to wait  
I'm hungry and I'm driven can you please get me a license plate  
Girl be killin it they killin' it I see them dead chicks  
Got that money they stick to you yeah I guess that bread sticks  
Nigga got a vision I don't think you see it well  
Over when the fat lady sings it do you see Adele?  
I am young and I am reckless plus I'm hung just like a necklace  
Go against me and you're screwed so Texas ahhh

I'm a new soul  
I came to this strange world  
Hoping I could learn a bit about how to give and take (give & take)  
But since I came here, felt the joy and the fear  
Finding myself making every possible mistake (possible mistake)  
Life is not what it seems just a kid with a dream  
I ma do it till the day that I die, ahhh  
Pour them bottles up cause we don't give a fuck  
Get a drink and throw it in the sky, ahh  
You can be mad but its fuck what you had  
Cause I'm coming and I'm taking your spot  
Never gon' quit, middle fingers what they get  
Let them know I give it all I got

I got' em quoting verses got em saying my god  
Book them shows, the only gigs you got is on your iPod  
You are often mad and you talking bout your swag  
Only label that's behind you is a motherfucking tag  
And I been grinding steady so when the timing is ready  
Don't bring them funny verses I ain't talking bout Mazetti  
I'm reaching for the throne cause I know that you can't stand me  
And a nigga never idle and you looking like randy

Plan b, naa this my chance to be in a record books  
They say what comes around goes around tell me how this record looks  
Cause once it gets 180 that's the day they gonna pay me  
Cause I been paying these dues and its been driving me crazy  
So lets just make a toast and lets just get a buzz  
Saying hi to what we'll be, saying bye to what we was  
And if im gonna make we'll see  
But I guarantee that you should focus on me me

I'm a new soul  
I came to this strange world  
Hoping I could learn a bit about how to give and take (give & take)  
But since I came here, felt the joy and the fear  
Finding myself making every possible mistake (possible mistake)  
Life is not what it seems just a kid with a dream  
I ma do it till the day that I die, ahhh  
Pour them bottles up cause we don't give a fuck  
Get a drink and throw it in the sky, ahh  
You can be mad but its fuck what you had  
Cause I'm coming and I'm taking your spot  
Never gon' quit, middle fingers what they get  
Let them know I give it all I got
