Surrender

Katharine McPhee

My pose goes to a moon When I know you're here My heart runs to another room When I know you're nearAnd they say that you don't know What you got 'til it's gone So I'm holding onto youHow many lives till I get this one right Till I give up the fight and just surrender, surrender How many days till I love me the way That you loved me, you love meYou say I'm beautiful But I just don't see You say one day I'll learn When will that day be? And they say that you don't know What you got 'til it's gone So I'm holding onto youHow many lives till I get this one right Till I give up the fight and just surrender, surrender How many days till I love me the way That you loved me, you love meLove this life that I see that I laid out for me Well, it seems incomplete Will I ever see me the way I see me

Out to be your eyes, out to be your eyes? And how many lives till I get this one right Till I give up the fight and just surrender, surrenderHow many lives till I get this one right Till I give up the fight and just surrender, surrender

How many days till I love me the way That you loved me, you love me You love me, you love me
