

# All of Them Thieves

## Anthrax

Why, I will destroy everything  
Why, I'll tear your world apartAn honest hand, a shaking fist  
Behind your back  
Recidivist  
And punishment  
Your drug addicts  
Brought low with shame  
And cut off at the wristWhy, I will destroy everything  
Why, I'll tear your world apartAll of, all of them thieves  
All of, all of them thieves  
Lied to cheated beat and deceived  
Scarred mistreated a wicked conceit  
An evil born of larceny  
All of, all of them thievesDespicable, your motive screams  
Vile contempt  
An insane dream  
A lowlife play  
And now you're stuck  
A bankrupt pig with no one left to suckWhy, I will destroy everything  
Why, I'll tear your world apartAll of, all of them thieves  
All of, all of them thieves  
Lied to cheated beat and deceived  
Scarred mistreated a wicked conceit  
An evil born of larceny  
All of, all of them thievesI, I will destroy everything  
I'll, I'll tear your world apartI, I will destroy everything  
I'll, I'll tear your world apart (tear your world apart)All of, all of them thieves  
All of, all of them thieves  
Lied to cheated beat and deceived  
Scarred mistreated a wicked conceit  
An evil born of larceny  
All of, all of them thievesAll of, all of them thieves  
All of, all of them thieves  
This dead hand you gave to me  
All of, all of them thieves  
This dead hand you gave to me  
All of, all of them thieves
