

# Sugar On Your Tongue

## ALO

Well it's a dream come true  
Being here with you.  
When I look in your eyes,  
It makes me wanna cry  
Tears of love.  
If only I was man enough.  
You're so beautiful  
You make my heart feel full.[Chorus]  
And the music we made  
Was a diamond that laid on the table.  
They heard us laughin' clear in the other room.  
But when the truth finally comes  
It tastes like sugar on your tongue.Sugar on your tongue.Sweet as a peach  
Rolling down on the floor.  
The love that we got  
It's gonna grow into more.  
Sweet as a peach  
Curled up on the couch.  
The love that we got  
We gotta know that it counts.[Chorus]Sugar on your tongue{Instrumental break}  
(Sugar, sugar, sugar, sugar)The haters will hate  
And the dreamers will dream  
And I can tell you the truth  
But I can make you believe  
That you're sweet as a sunrise  
On sugary lips  
From bar rooms to ballrooms  
I dreamt of your hips.  
And the way that they move  
Bump and they sway.  
Dancers will dance  
And musicians will play  
Something 'bout love  
Even when they're cliché  
Sugar you're sweet, yeah  
True just the same.And the music we made  
Was a diamond that laid on the table.  
They heard us laughin' clear in the other room.  
But when the truth finally comes

It tastes like sugar on  
When the truth it finally comes  
It tastes like sugar on  
When the truth it finally comes  
It tastes like sugar on your tongue  
Sugar on your tongue  
Sugar on your tongue  
Sugar on your...{Instrumental closer}  
(Sugar on your, sugar on your, sugar on your...)
