

Things Keep Falling Off Buildings

Mansun

Things keep falling off buildings
Things keep falling into my path
I keep on dodging projectiles
They fall from scaffolds on building sites
Falling before me to save
Scraping for forgiveness
You tell me that I know
And you know we're the same
Sitting up here with my pear tree
I piss on everybody who I should see
I'm twice as angry as you are
You're half as happy as I could be
