Why Don't We

You should be flyin' with me
You could be smilin' with me
You wouldn't be cryin' with me
We could be wildin'
We could be free
And if the sky falls I'll catch it
Just to steal you a star
I'll ride it to battle for you
Just so we could
We could be free
We could be free
We could be free
We could be free
We could be free
We could be free
We could be free
We could be free
(For you, be free)
(For you, no)
(For you, girl)
(No, for you, no)
(For you, be free)
(For you, no)
(For you, girl)
(No, for you, no)
You're so invitin' with me
Shot gun you're ridin' with me
You're lookin' lighted with me
We could be wildin'
We could be free
And if the sky falls I'll catch it
Just to steal you a star
I'll ride it to battle for you
Just so we could
We could be free
We could be free
We could be free
We could be free
We could be free

We could be free
We could be free
We could be free
(For you, be free)
(For you, no)
(For you, girl)
(No, for you, no)
(For you, be free)
(For you, no)
(For you, girl)
(No, for you, no)
(And if the sky falls I'll catch it, just to
steal you a star)
(No, for you, no)
(I'll ride it to battle for you, just so we
could)
We could be free
We could be free
We could be free
We could be free
We could be free
We could be free
We could be free
We could be free
