

# Lonely Wind (Piano Solo) - live

## Kansas

When I'm needin' a friend I can talk to the wind  
God I sure am glad that I found him  
Sometimes he seems to be the only one beside me  
Who can feel the Lord's breath all around him  
Winter's cold frozen ice or a bright autumn day  
On a warm summer night you can hear him say Cry for me, sigh for me, sad breezes flow  
Stay for me, play for me, the song my friends will know  
My lonely wind must blow Mighty friend that is mine, can you give me a sign?  
He'll leave nothing but only to hear him  
I've seen the tall trees bend low when his mighty winds blow  
And that's all the more reason I fear him  
Hear him call for the earth lonely I can feel his great pain  
But on the eve of this day  
I'll join in his refrain Cry for me, sigh for me, sad breezes flow  
Stay for me, play for me, the song my friends will know  
My lonely wind must blow When I'm needing a friend I'll remember the wind  
And my life here with the breezes of sorrow  
I'll be leaving himoon 'cause I've got to make room  
For the lonely that will find him tomorrow  
On a black stormy night in your bosom I'll cling  
And I'll know I've found love and the last song we'll sing Cry for me, sigh for me, sad breezes flow  
Stay for me, play for me, the song my friends will know  
My lonely wind must blow
