

# Always Unprotected

## Waking the Cadaver

Countless nights getting twisted,  
Extreme illicit substance inhalation.

Fuck...

I'm craving some penetration because hoes,  
Let me tell you, I do it unprotected like it's my occupation,  
And gaurenteed your pucking up your lips for a sparying.  
Fresh shave on my piece, babe I'm always ready,  
But just 'cause we fucked a few times doesn't mean we're going to steady

I have too much womanizing on my agenda  
I really respect a true anal freak, to satisfy my needs  
when your around me you know its time to get on your knees

I like it raw and dirty,  
And when I see you acting flirty,  
I know its time for you to hop on  
Craving satisfaction of a different kind,  
If you only know the thoughts inside my mind.

My killer instinct awakes  
Forceful anal intercourse, rupturing the bowel, ass to mouth  
Your blood must taste so foul.
