

Rainy Day Mushroom Pillow

Strawberry Alarm Clock

Rainy day mushroom pillow
Colors green, brown, and yellow,
Wonder if they'll turn black ever
Comtemplating one together

Poisoned dreams,
Distorted dreams,
Mushroom dreams.

There's no place that can be better
When you're up in clouds forever,
Pacify your mind with islands
Colored snow and green-field skies and,

Poisoned dreams,
Distorted dreams,
Mushroom dreams.

Don't have to tell you it feels better than,
Floating free, walk upon the sand
Got to give you things much better
My mushroom's green and brown forever.

Poisoned dreams,
Distorted dreams,
Mushroom dreams.

Rainy day mushroom pillow
Rainy day mushroom pillow
Rainy day mushroom pillow
