DD Dagger

Writing on the wall
so you can speak
writing on the wall
will sing will singwriting on the wall
so you can scream
the writings on the wall
they'll sing they'll singi couldn't seem to find you from here
i only wanted to say the right wordswritings on the wall
they'll speak to me
writings on the wall
they'll sing to methe writings on the wall
will scream at us
writings on the wall
they'll sing they'll singover clouds and through the sky
to find a place that we can hide
and close our eyes this time
it's all insidethrough this journey
we can see all the trees
their changing leaves
this safe place where we can hide awaywritings on the wall
