Love The Way You Lie

Nikki Flores

Just gonna stand there and watch me burn
Well that's alright because I like the way it hurts
Just gonna stand there and hear me cry
Well that's alright because I love the way you lie
I love the way you lieIt's either one thing or the other
We either love or we hate each other
We both know that aint right
I try to leave but I can't undo this
Cause I'm addicted to your bullets
I'm hanging on the edge of suicideAnd you can tell me I mean nothing to ya
But I know better cause I see right through ya
You know you got me right where you want
I didn't that your kiss was poison
But now I'm in too deep to try to control it
I'm a prisoner of my own lifeJust gonna stand there and watch me burn
Well that's alright because I like the way it hurts
Just gonna stand there and hear me cry
Well that's alright because I love the way you lie
I love the way you lie(Don Perignon)
I can't tell you what it really is
One minute I'm feeling it the next I'm not
It's like one minute you're cold and the next you're hot
I'm always chasing the paper you claim I'm chasing fame
If things aint going right I always take the blame
We chasing paper planes
I'm trying to read between the lines
Fabricated the truth trying to see between the lies
It's killing me inside
I'm trying not to let it show
Been holding on for too long not trying to let it goMy hearts getting cold can you feel the breezes?
Everything we built 'bout to fall can we change the seasons?
Can't explain the reasons only make excuses
Saying we in love with each other but portray a nuisance
Save your two cents unless you're trying to make some change
Only making love no more making complaints
Yeah, and no matter what I say inside I love the way you lieJust gonna stand there and watch me burn
Well that's alright cause I like the way it hurts
Just gonna stand there and hear me cry
Well that's alright because I love the way you lie

I love the way you lie
I love the way you lieYeah, we try to alter egos she loves my alter ego
So it seems though the good guy is finito
Bleed slow she knows when I'm in cognito
I'm only giving small talk like Danny Devito
Shoulders colder than 20 below
Can't feel nuh
I'm like a spartan on defense my sheilds up
I feel stuck like I'm swimming in the deep end
Trying to keep my head afloat but can't breath inOne minute it's all good it's all love
Next minute we fighting finger pointing it's all done
Feeling like the wrong one no more soul mates
Who will be the first to give in or is it too late
I don't know, all I know is I won't go
She got a heart of gold and I'm not letting go
Uh and while inside I'm fighting pride
I love the way you lieJust gonna stand there and watch me burn
Well that's alright because I like the way it hurts
Just gonna stand there and hear me cry
Well that's alright because I love the way you lie
I love the way you lie
I love the way you lie
