Return to Flesh

Cannibal Corpse

Bleeding wounds never clot
Even after death
Murdered dead look on from beyond
Never to returnNo way back at all
Trapped between life and death
We can't return to fleshI'm dead now, life has passed
In the grave, no life left
Move on to the other side
Rotten, I have diedMurder took my life away
I will never rest
Dead, reaching from the grave
So cold in this placeI'm dead now, life has passed
In the grave, no life left
Move on to the other side
Rotten, I have diedMurder took my life away
I will never rest
Dead, reaching from the grave
So cold in this placeNo way back at all
Trapped between life and death
I will come back
