

Return to Flesh

Cannibal Corpse

Bleeding wounds never clot
Even after death
Murdered dead look on from beyond
Never to return No way back at all
Trapped between life and death
We can't return to flesh I'm dead now, life has passed
In the grave, no life left
Move on to the other side
Rotten, I have died Murder took my life away
I will never rest
Dead, reaching from the grave
So cold in this place I'm dead now, life has passed
In the grave, no life left
Move on to the other side
Rotten, I have died Murder took my life away
I will never rest
Dead, reaching from the grave
So cold in this place No way back at all
Trapped between life and death
I will come back
