Ego Zero

My Own Private Alaska

Advisory - the following lyrics contain explicit language:

Hey
You want to talk to me ?
You don't know who I am
Hey
You want to take the risk ?
You'd better go anywhere
Hey
You want to touch my skin ?
You'll maybe burn your hands
Hey you want to come to me.
Anywhere else, go anywhere
You'd better run
Outside the door
You'd better stay
Far away from me, far awayHey
You're never heard about the piece of shit I am ?
Hey
I lie, I cheat, I break
Let's runaway from me.On every road, on every day
Think at you wealth, think at your life.
I don't wanna hurt, you don't wanna suffer
I don't wanna kill, you don't wanna dieDon't come to me
Little princessRunning away
