Reverse

SomeKindaWonderful

She hung the phone up and said "Fuck you it's over"
Sorry but this is the end
I said "Don't trip it was just a harmless sleepover"
See, we was just making friends
She said "then what were you doing there at 4 in the morning?"
"You told me you were at home"
I started with "darling please listen"
And then I picked up my phone, yeahI told my story in REVERSE 'cause it hurts
Girl it hurts too much to bear
But I'm tantalized by their legs & long hair
But if I could do it again
I would do it again!
If I could do it again
I would do it again!
If I could do it again
Probably do it again!
Could I get a DO-OVER?!
Baby, ooh oh
Hey, ooh ohI plugged my phone in as I backed out the driveway,
Then I started my car
Slipped out the door after I crept through her hallway
She left it slightly ajar, yeah
Threw on my kicks my socks my jeans and my t-shirt
Then threw my HAT on my head
I did it quiet so that I wouldn't wake her
Woke up in another girl's bed, yoooI tell my story in REVERSE 'cause it hurts
Girl it hurts too much to bare
But I'm tantalized by their legs & long hair
But if I could do it again
I would do it again!
If I could do it again
I would do it again!
If I could do it again
Probably do it again!
Could I get a DO-OVER?
Over, ooh oh
Hey, ooh ohI told my story in REVERSE 'cause it hurts
Girl it hurts too much to bare
But I'm tantalized by their legs & long hair

But if I could do it again
I would do it again
If I could do it again
I would do it again
If I could do it again
Probably do it again
Could I get a DO-OVER? OVER!
Yeah, ooohI told my story in REVERSE cause it hurts
Girl it hurts too much to bare
But I'm tantalized by their legs and long hair
But if I could do it again
I would do it again
If I could do it again
I would do it again
If I could do it again
Probably do it again
Could I get a DO-OVER?
It's over
