

# Your Children Are Waiting for You to Die

[Mclusky](#)

Great explorers know no boundaries  
Short of praying  
Your children are just waiting for a chance  
Came from France a credit note  
Broke his daddy's heart  
After all they did for him  
Broke his daddy's heart  
The number one fruit seller  
She will only disappoint you  
Happy hardcore isn't quite  
As happy as you'd think  
Came from France a credit note  
Broke his daddy's heart  
After all they did for him  
Broke his daddy's heart  
The number one fruit seller  
She is only here as ballast
