Pumpkin Pie

Ryan Caraveo

[Verse 1]
I know a secret spot just for us
Where you can see the city perfectly
We don't have to do drugs, kiss, or touch
But if you want to, that works for me
We can both pretend it's the first time
Like we don't know what heartbreak feels like
Like we ain't ever watched everything we love burn to the ground Yeah, that'd be real nice
Look at the lights
I wonder if anyone sees us from all the way out there
Probably not
So, whatcha waitin' on?
Go head, let it out now, I ain't scared
I got demons too, if you even knew
Probably the only reason I believe in you
I know what they look like
And you've got the look like you've got somethin'
[Chorus]
Stuck inside
They slicin' up your heart like pumpkin pie
It must be scrumptious, everyone just wants to try
Until there's nothing left and, yet, they wonder why
You run and hide (there's somethin' eating you alive)
Cause there's somethin' eating you alive
Alive
Cause there's somethin' eating you alive[Verse 2]
It's in the eyes, it's in the eyes
Even through a mask, they cannot be disguised
They are windows into your insides
And they say you haven't really been fine
Here's an idea to bring us in tighter
I'm sick of being empty, you sick of being tired
I want to feel warmer, you want to see a fire
I'm soaked in gasoline, you -- go head and drop the lighter
Now, here's a chance baby
I'm sittin' right beside ya
You cannot hold me down, but, I like the way you try to
So, push a little harder, squeeze a little tighter
It drives me crazy the way you let the crazy drive you

I see me and you, you see you and me
I say we pretend this is just a lucid dream
Cause you deserve a good night
Cause you've got the look like you've got somethin'
[Chorus]
Stuck inside
They slicin' up your heart like pumpkin pie
It must be scrumptious, everyone just wants to try
Until there's nothing left and, yet, they wonder why
You run and hide (there's somethin' eating you alive)
Cause there's somethin' eating you alive
Alive
Cause there's somethin' eating you alive
