

My Creation

Megadeth

It's aliveI will give you life
You'll serve only me
And my will to kill
You will kill for meAll that I desire
All that I command
You are here for me
I'm your masterMy creationI will make for you
A soul mate to love
Unlike your love for me
And you will take my nameShe will be your bride
She will serve me too
I will introduce to you
The bride, bride of Frankenstein
