Along the Way

Seven Places

Would You ever want to walk with me?
Would You ever want to talk with me today?
Would You ever want to think with me
And stop to ponder life along the way?
And I know it's gonna be alrightThe sun will rise and I'll be walking on
And I say the wind will blow wherever it wants
But I'll be holding on, but I'll be holding onYou woke me up at five a.m.
To pull me up to where You are
Now I'm here with You
The world is coming into view
And I can see Your thoughts right now
It's gonna be alrightThe sun will rise and I'll be walking on
And I say the wind will blow wherever it wants
But I'll be holding onDon't fear the wind, don't fear the waves
He's stronger
Never fear the night, never fear the days
He's brighter, brighter, brighter, brighter, brighterThe sun will rise and I'll be walking on
And I say the wind will blow wherever it wants
But I'll be holding on, I'll be holding onIt's gonna be alright
Yeah, I'll be holding on
It's gonna be alright
