Elysium (I Go Crazy)

Ultrabeat

The way, you are
Away, not far
We've had, our past
I hope, it lasts
I love, you though
This love, can grow
We've reached, our peak
We're not strong not weak

Don't leave me hanging because you know what I'm feeling
I go crazy, I go crazy
And if I asked you would you stop me from falling
Would you save me, would you save me
