

# Fractal Dimension

## Obscura

Piece and piece, composed infinite order  
Lacunarity denied  
A swarm of harmony, a libertine in disbelief  
A symphony of forms, a choral remnant of stars  
Quantifying eclectic textures  
Intrinsic perfection  
Periphery atonality  
Errors withhold  
A heavenward cathedral of tones  
A crystal momentum so pure  
A Fractal Dimension  
So concinnous and clear  
Apollonian multiverse  
Of moulds, immortal  
A Fractal Dimension, concinnous and clear  
Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
