

Fuel Line

Neil Young

Her engine's running and her fuel is clean
She only uses it 'cause she's a machine
She don't need it though, just to cruise around town
Keep filling that fuel line
Keep filling that old fuel line
The awesome power of electricity
Stored for you in a giant battery
She runs so quiet, she's just like a ghost
Keep filling that fuel line
Keep filling that old fuel line
Keep filling that fuel line
Keep filling that old fuel line
Fill her up, fill her up
Fill her up, fill her up
The world is ready for a whole new game
Some old timers just wanna stay the same
But they still advertise how clean and green they are
Keep filling that fuel line
Keep filling that old fuel line
But she don't listen to what they say
She burns domestic green fuel instead
She don't use much though and that's smart for a car
Keep filling that fuel line
Keep filling that old fuel line
Keep filling that fuel line
Keep filling that old fuel line
Fill her up, fill her up
Fill her up, fill her up
She's not the car that she used to be
She wants to take you and she wants to take me
Into the future that's her destiny
Keep filling that fuel line
Keep filling that old fuel line
Keep filling that fuel line
Keep filling that old fuel line
Keep filling that fuel line
Keep filling that old fuel line
Keep filling that fuel line
Keep filling that old
