

My One Girl

Max Romeo

Im so proud
Of having you
As the one girl that I love
That's the one girl I adore
Hope that shes now
The girl of my dreams
Do you love me like I do?
Do you want me like I want you?
Oh, come close to me
Stay by my side
Oh, love me, my darling
And I want you for my bride
Yes, Im so proud of having you
As the one girl that I love
Yes the one girl I adore
Oh, forever, oh yeah
