Blue Day

Mount Sims

I wanna get out when everything's alright
Can't you see I'm a wreck? Gonna crash and burn
I wanna get out I've done my time
If you fuck with me I might blow your mind yeahI'm not qualified to answer anyone
If the world can wait then why can't I?
You're not justified in what you do or say
Empty heads in a line yeah you're on your wayI'm not asking for much
Just get out of my way
I'm in the eye of the storm
Beautiful blue dayI wanna get out when everything's alright
Can't you see I'm a wreck? Gonna crash and burn
I wanna get out I've done my time
If you fuck with me I might blow your mindI'm not asking for much
Just get out of my way
I'm in the eye of the storm
Beautiful blue dayI'm not asking for much
Just get out of my way
I'm in the eye of the storm
Beautiful blue dayBlue day
Blue day
Blue day
