The Great Musical Suicide

Podunk

Well hello there my friend
Well how have you been
It's been a long time
And I heard the news today about the way
The music changed our lives
It kept us going
It gave us a reason to believeThe great musical suicide
It left us standing there with nowhere to hide
The great musical suicide
We gave it everything, but we kept our prideWell hello there again
Won't you let me in
It's been a long ride
And I heard somebody say
Something about the way
The music saved our lives
It kept us going
It gave is a reason to believeThe great musical suicide
It left us standing there with nowhere to hide
The great musical suicide
We gave it everything, but we kept our prideOh the same old joe on the radio
Where will we go
Where will we go
And it looks like the end
But its been a real good timeThe great musical suicide
Where will we go, where will we go, where will we go
