Love Bites (so Do I)

Halestorm

Don't listen what your girlfriend says
she reads those magazines
that say you fail the test
you don't have what she needs
the leash of her emotions
still got you by the neck
i think i've got a way to help you forget
about her
that bitch can eat her heart out
love bites
but so do i, so do i
love bites
but so do i, so do i
(love bites!)
my lips are pale and vicious
you're foaming at the mouth

you've suffered in the darkness
i'll suck the pain right out
so come and taste the reason
i'm nothing like the rest
i'll kiss you in a way you'll never forget about me
that chick can eat her heart out
love bites
but so do i, so do i
love bites
but so do i, so do i, so do i?
it tucks you in and kicks you down, chews you up and spits you out. it messes with your sanity by twisting all your thoughts around. they say it's blind, they say it waits, but everytime it seals your fate. and now it's got you by the balls, it wont let go until you fall. i was down and i got up, i said "hey love i've had enough". i've found pleasure without pain, my soul you'll never take!
love bites?but so do i
love bites
but so do i, so do i
love bites
but so do i, so do i, so do i?
love bites!
