

Love You Up

Two Inch Punch

I can't keep my cool baby, baby
I can't hold it inside

I can't wait each day just to shake you up
trying to love you up baby, baby

Each day just to shake you up
trying to love you up baby, baby

Words just ain't enough baby, baby
Hope it gets to love baby, baby

It's a perfect situation
I can't wait each day just to shake you up
trying to love you up baby, baby

Each day just to shake you up
trying to love you up baby, baby
