Not Gonna Break Me

Jamie N Commons

Ever come this far
Just to let this go
I need to know from you, yeah
I need to know from youIs it cold outside
Living on your own
I need to know from you, yeah
I need to know from youIf its all the same
I'm gonna play the game
Say not gonna break meYou're not gonna break me
You're not gonna break me down
Not gonna break me
This time aroundYou're not gonna break me
You're not gonna break me down
Not gonna break me
This time aroundThis time around
Not gonna break me
This time aroundSay hello to the pain
Hurting me so bad
Bleed the life from me, yeah
Bleed the life from meSay a prayer sweet love
Will we let this go
I need to know from you, yeah
I need to know from youIf its all the same
I'm gonna play the game
Say not gonna break meYou're not gonna break me
You're not gonna break me down
Not gonna break me
This time aroundYou're not gonna break me
You're not gonna break me down
Not gonna break me
This time aroundThis time around
Not gonna break me
This time aroundThis time around
Not gonna break me
This time aroundYou're not gonna break me
You're not gonna break me down
Not gonna break me
This time aroundYou're not gonna break me
You're not gonna break me down

Not gonna break me
This time aroundThis time around
This time around
This time around
This time around
This time around
Not gonna break me
This time around
