

# Saddle Up

## Speakeasy

Don't need bother your mama neither  
Yeah, she dont need to know  
Don't bother that poor poor woman  
Little boy knows where to go

For sure!

This is not my fist  
Rodeo  
I've got my saddle  
Got a saddle at home

Don't need call your management today  
Dont need to let 'em know  
Don't need to call your mama neither  
Little boy knows where to go

This is not his first  
Rodeo  
Hes got his saddle  
His saddle at home

My, my drummer Ha!  
He got two sticks  
Anybody wana know what he want to know, what he wants to know  
This is what you need,  
This is what you want,  
This is where the drums go

This is not his first  
Rodeo  
Hes got his saddle  
Got his saddle at home
