Missing Pieces

Super American

You're my best friend, you're my really best friend
And I can't believe that I'm doing this again
But it's all for the best, or is it all in my head?
Because I love you, and you know that it's true
If I'm being honest, it's never been an issue
It's kind of complex, it doesn't make any sense

[Chorus]:
So yeah, I got her number
Cause it's time to face that
What we had is over
And it's hard to fix when
What we've built is broken
And it's missing pieces, it's missing pieces

You're a good girl, you're a really good girl
I believe that you always meant well
But the things that you said
And it went to my head
And so I hurt you, yeah I hurt you so bad
But I think I need someone to hurt me right back
And I know it sounds vain, but that's just my brain

[Chorus]

We've tried every excuse in the book
And I've tried to explain it but I never could
You ask why, you ask why, you ask why is our love no good, no good

[Chorus]
